# 1 General Description and Background

In this documentation, you will find all information about our internal SOFiE Atlas S3 Technical Feedback.

In order to provide you with feedback in any case, we have standardized this internal SOFiE Atlas S3 Technical Feedback.

This internal SOFiE Atlas S3 Technical Feedback will only be produced in case of processing error for which the CSSF will not provide any feedback.

## 2 SOFiE Atlas S3 Technical feedbacks

### 2.1 Filename

The technical feedback is in CSV format, delimited by semicolon (“;”) with the following naming convention:

{Report filename} \_ERROR\_{TIMESTAMP}.csv

### 2.2 Error Code details

| Error Code | Message  |
|------------|--|
| CSEC001    | Filing entity {CSSF ID} not linked to any channel. Contact { Worldline Reporting Team} to (re)subscribe to our services. |
| CSEC002    | Channel {channel name} is inactive. Contact {Worldline Reporting Team} to resubscribe to our services.                   |
| CSEC003    | Unable to identify document type with naming convention – {filename} does not match to any existing report               |
| CSEC004    | Bucket not configured or not found for filing entity {CSSF ID}   |
| CSEC005    | Filing entity {CSSF ID} not found. Contact {Worldline Reporting Team}.   |
| CSEC100    | The channel {name} does not have sufficient privileges for procedure of type '{procedure name} - {procedure ID}'         |
| CSEC101    | An unexpected error occurred during upload   |
| CSEC200    | Procedure automatic closure after fixed delay  |
